**Members Present:** William E. Ford

**Staff Present:** Susan M. Combs, Executive Secretary

The Committee Chairman, Mr. Ford, determined this meeting was properly noticed with the Secretary of State's office and a sufficient number of committee members were in attendance to constitute a quorum. The quorum was determined by the presence of Mr. Ford, Dr. Black, and Mrs. Stevens. Therefore, the meeting of the West Virginia Board of Dentistry's Investigator Committee was called to order.

The purpose of this meeting was to discuss the Board's need for investigators in various parts of the state on a temporary part-time basis. It was determined the Board should, in the least, have an available panel of three investigators, which the committee will recommend to the Board during the July 2015 meeting. The committee directed the Executive Secretary to write a letter to the State's component dental societies informing them of the need for investigators in various parts of the state and to inform their members of this need. Anyone interested in being considered should send a letter of interest with a curriculum vitae to the Board office. Interested parties will be presented to the Board during the July 2015 meeting.

At this time the meeting was adjourned.
